CEN/CENELEC SME Access to Standardization Project

Message addressed to all CENELEC Co-operating Partners: CEN and CENELEC are currently jointly examining their tools and assets relating to the access of SMEs to their standardization system. The purpose would and how to improve these. This exercise would in particular frame in the context of the Commission's Small Business Act for Europe. To this end, a Study is being started but prior to give the green light to the contractor, CEN and CENELEC would like to be sure that its Terms of Reference reflect the SME needs. A Study's Steering Group has identified "key problem statements".

IFAN EG Member Contributions

IFAN representation at CEN/CENELEC BT WG 208 – Guidance on SME needs

The objective of the work of the BT WG 208 is to write CEN/CENELEC guidance on SME needs in standardization. The document should facilitate the standards writers to draft standards more adapted to SME reality. This working group has been established by the CEN Technical Board (BT) and chaired by NORMAPME the European Office of Crafts, Trades and Small and Medium sized Enterprises for Standardisation. IFAN is represented by Karlheinz Rosan (ANP, Germany).

established 19th November 2008, Brussels

IFAN mouse pad – Standards make the world go round

Proposal on how to make use of the result of the poster contest by Karlheinz Rosan (ANP, Germany).

distributed 17th September 2008 on the occasion of the 35th IFAN Members Assembly

IFAN EG member winner of the IFAN international poster contest

In August 2007, IFAN invited all persons wishing to express their artistic vision of the importance and benefits of standards and standardization to take part in the first IFAN international contest by preparing a poster depicting the theme "Standards make the world go round". 15 posters were received from 8 participants from Germany, Colombia, Botswana, China, France and the Netherlands.

At its meeting held in Geneva on 2-3 April 2008, the IFAN Board decided on the winners of the IFAN contest. The winners are:

- 1st place: Ms. Patricia Dind (ANP, Germany) for poster 1
- 2nd place: Ms. Dagmar Aben (Netherlands) for poster 15
- 3rd place: Mr. Luigi Principi (France) for poster 11

Numbering of IFAN Guides

Numbering of documents eases referencing. Hence, numbering of IFAN Guides was proposed by Karlheinz Rosan (ANP, Germany) in view of completion of the new IFAN Guide: "Guidelines to assist members of standards committees in preparing user-oriented European Standards".

proposed 28th January 2008 and adopted by IFAN
